

Here at Apriem Advisors, November is shredding month. With identity theft at an all-time high, we would like to help our valued clients get rid of any old papers, statements or documents you no longer need. Bring any personal or financial papers, that you would like to be shredded, to our office any business day during the month of November between the hours of 8:00am and 5:00pm. Please call our office at (888) 253-0288 and an Apriem team member will meet you in the lobby to pick up your shredding.
