Apriem

“In 2020 alone, despite the COVID-19 pandemic, Apriem donated around a quarter of a million dollars to charitable partners such as Southern California Hospice Foundation, Jessie Rees Foundation, and World Vision to support their local and international COVID-19 efforts. We did not withdraw sponsorships on cancelled events for charities including Big Brothers Big Sisters of OC and Casa Teresa. Our staff, along with their families, held a virtual family night coloring care cards for cancer patients. We expanded support to our firefighters, anti-human trafficking, fight against homelessness, animal rescue, and economic empowerment.”
