Best Companies Group Announces List of Best Places to Work SoCal 2023 Alphabetically

*Winners will be honored in September of 2023
during a virtual event*

Los Angeles, CA – July 19, 2023 – Best Companies Group (BCG), a BridgeTower Media Company, today announced alphabetically the 83 companies named to its 2023 Best Places to Work SoCal list. BCG selected the winners based on responses from detailed, anonymous employee surveys and ranked the winners across small, medium, and large company categories.

Companies in Southern California that meet certain criteria and rate highest on issues that matter most to employees are highlighted as Best Places to Work

SoCal. The ranking is based on an analysis of survey responses about corporate culture, training and development, salary and benefits, and overall employee satisfaction.

Jaime Raul Zepeda, Executive Vice President of Best Companies Group, said, "Southern California is home to some of the world's top brands, leading SMBs, and innovative startups. The companies that made this year's Best Places to Work SoCal list are standouts from the thousands of employee survey responses we analyzed and reviewed. These companies are a bright spot for their employees, and we congratulate them for creating a valuable and rewarding work environment."

In September, BCG is hosting a virtual event to honor and celebrate this year's winners. [Click here for more information about attending and sponsoring the event.](#) Please contact James Delaney at jdelaney@bestcompaniesgroup.com or phone at 908-278-7975 to learn more.
